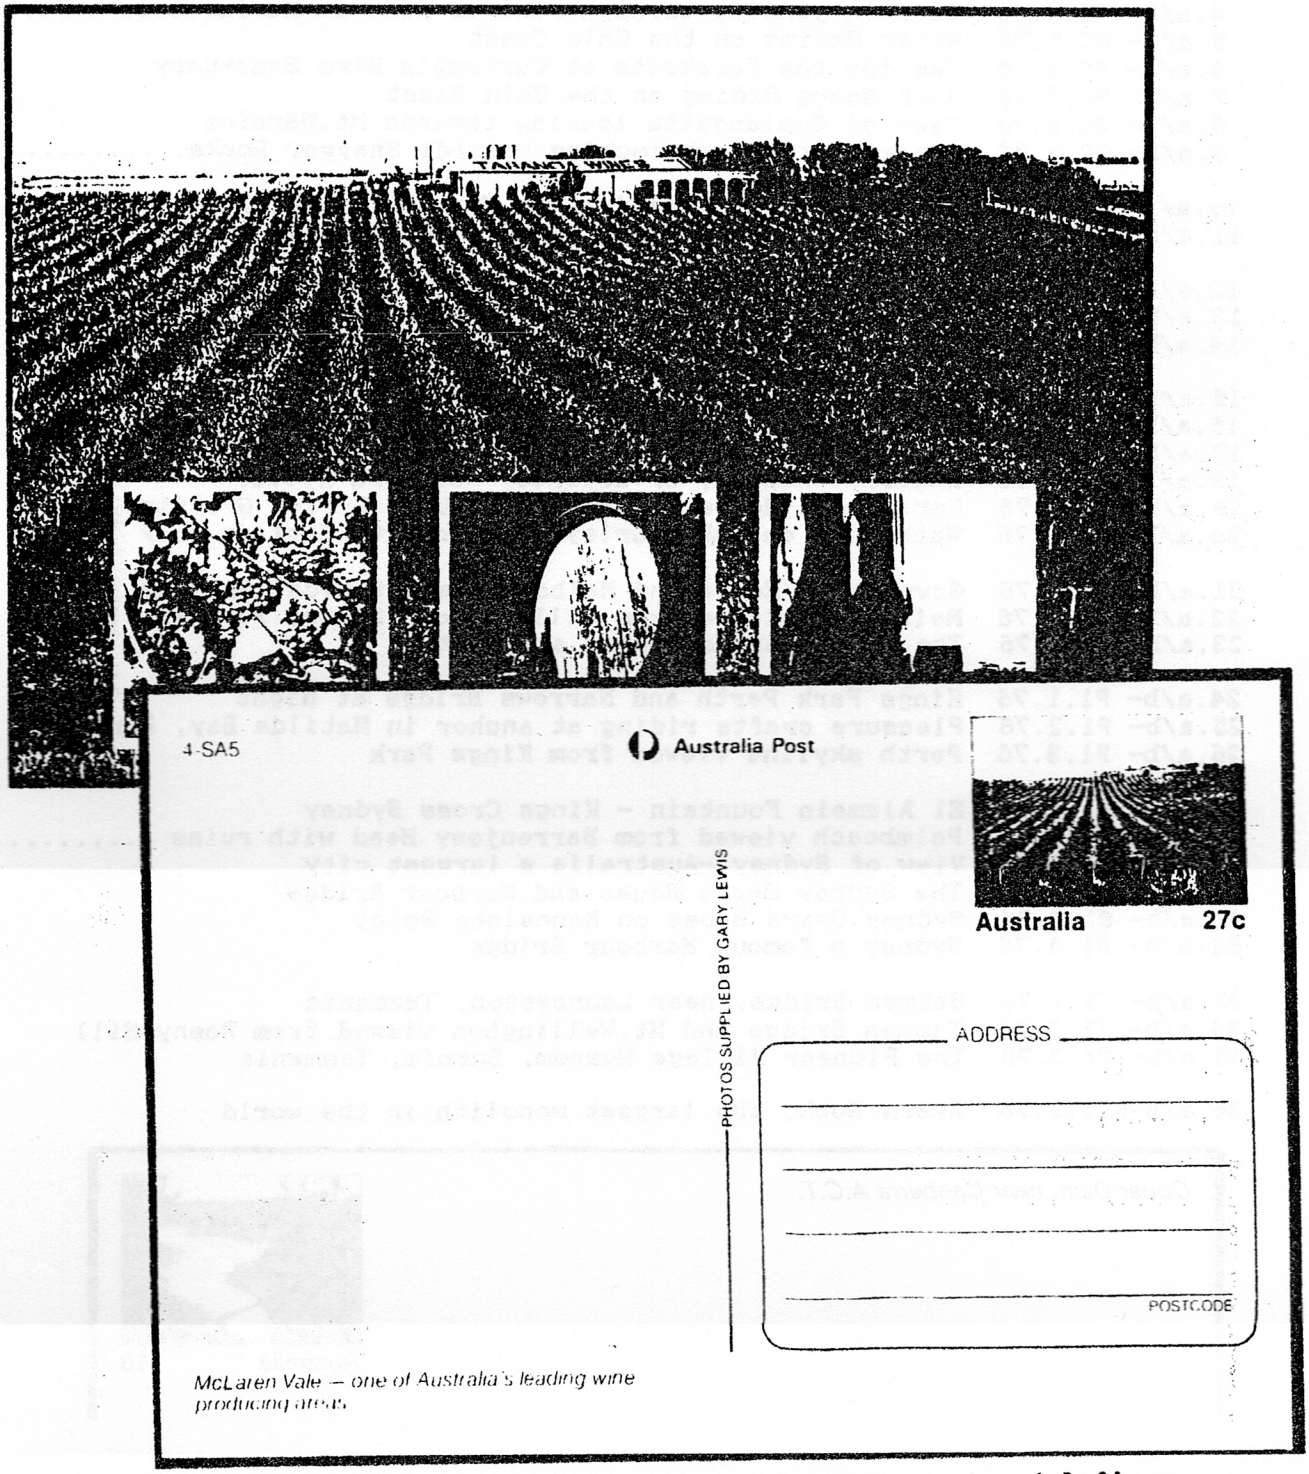
4a. Bildpostkarten mit eingedrucktem Wertzeichen

Eine Sonderform der Postkarte führte die Australische Postverwaltung am 31.Dezember 1976 ein. Bedingt durch die steigenden Portosätze für Postkarten-Inlandporto wurden vier Serien Bildpostkarten ausgegeben in gleicher Form: Das Foto erscheint in verkleinertem Maßstab als Wertzeicheneindruck (Form 1).
Nach einer Pause von sechs Jahren kommen 1988 wieder Bildpostkarten an die Schalter. Die Wertzeicheneindrucke sind nun nicht mehr an der Bildseite orientiert. (Form 2,3,3a und 4).



Form 1: Vor- und Rückseite der Karte 4-SA5 aus der 4.Auflage
