

PAID-Stempel aus Südastralien :

Im Südastralien-Teil meiner Sammlung befindet sich eine Marke mit dem PAID-Stempel vom 26. Nov. 1861.
Ggf. wäre auch 1881 interpretierbar.

(iv) Paid Stamps (a) Adelaide			
			
[7]	[8]	[9]	[10]
H531 1861-49	[7] As illustrated	red	10
H532 1848-50	[7] As illustrated but without date	red	10
NOTE: Prior to "184" being cut away from this stamp, it is commonly found impressed on the edge of the cover so that the year does not show.			
H533 1853-55	[8] As illustrated but large and without the office number below the date	red	20
H534 1851-58	[8] As illustrated	red, blue or green	5
H535 1848-55	[9] As illustrated	red	30
H536 1855	[10] As illustrated	red	15
H537 1859	— (oval framed "PAID AT ADELAIDE 1859")	red	15
H537 was apparently used during a shortage of adhesive stamps.			
(v) Franks			
H541 1848-50	[7] As illustrated but "FRANK" instead of "PAID" and cross on top of circle. Day and month in date, first three numerals of the year "184" cut in stamp	red	10
NOTE: Also in 1849 of similar, but with larger letters and numerals.			
H542 1847-53	[7] As H541 but with "184" in date only (no month and day)	red	10
H543 1850	[7] As H541 but line above "FRANK" and figures after letters of month (only two numerals of the year "18")	red	20
H544 1850	[7] As H543 but with "18" only (no month and day)	red	30
H545 1850	[7] As illustrated (cross cuts circle) but "FRANK" instead of "PAID" and figures after letters of month	red	20
H546 1851-53	[7] As H545 but with "184" in date only (no month and day)	red	20

Laut Robson Lowe gibt es diesen Stempel nur in der Zeit von 1854-1858.

Egal, wie man die Zahl interpretiert, es ergibt sich kein Wert zwischen 1854 und 1858.

Wer kann mir helfen ?
